

RULES

Student participants must attend a Douglas County middle school or high school, or be homeschooled for middle or high school in Douglas County.

Student groups/soliloquies will perform a scene or part of a scene from one of William Shakespeare's plays.

Group scenes should be between two to five minutes. The number of actors in a group is determined by the number of roles in the scene being performed.

Soliloquies (monologues) should be between two to four minutes. A student performing soliloquies must include two contrasting Shakespeare monologues (one comic; one tragic).

Up to ten groups/soliloquies may audition at each school. Three to four groups/soliloquies auditioning will be selected to perform at the festival.

Groups/soliloquies will perform the same scene twice on two different stages. Each performance will be judged.

Shakespeare's exact written words must be used. No paraphrasing or adaptations are allowed. Cuts or condensed formats are permitted, as long as the language is maintained. (Example: combine two sets of lines for an actor by eliminating a character's lines that are not necessary in order to fit the time line.) Please do not attempt English accents.

Students must arrive in costume and stay in costume throughout the festival. Costumes will be judged. Costumes may be "period," similar to those of Shakespeare's time, or other historical time period, or conceptual, as long as they are cohesive, appropriate and enhance performance. Costumes should be simple and need not be rented or expensive. Everyday attire is not encouraged. All student props should fit within a 12-gallon tub (22"x15"x12").

Creative interpretations are allowed, i.e. Romeo and Juliet set in the 1950's or Macbeth in Star Wars garb, as long as the concept is consistent, cohesive, and enhances the performance.

Procedures

School Coordinator

The School Coordinator oversees the selection of groups, scenes to be performed, rehearsals, and costuming. These activities should be **student-directed as much as possible**, depending on student experience and skill level. The School Coordinator is responsible for coordinating an audition date,

Additional chaperones are strongly encouraged. Parker Arts is not responsible for participant and spectator supervision will not be held liable for their actions.

Auditions

Each school may have up to ten groups audition (including soliloquies). Three to four groups will be selected to perform at the Festival. All group auditions will be conducted by Parker Arts judges at your school on the same day determined by the School Coordinator and Festival Coordinator. Each group must provide two Performance Evaluation Forms with participant information completed and one copy of the excerpt from Shakespeare's play to the judge(s). **Group scenes should be between two to five minutes. Soliloquy scenes should be between two to four minutes and include one comic and one tragic soliloquy.** Students should be in costume, but pictures or sketches of costumes are allowed at auditions.
