INSPIRED
MEETING SPACE

THE **PERFECT** SETTING

Typical meeting spaces leave little to be desired. Four dull walls and cramped rooms make people tired and unmotivated. The Parker Arts, Culture & Events Center (PACE) changes all that by providing the perfect setting for your next meeting, so everyone is inspired to bring their best ideas to life.

OPEN SPACES

At PACE, think SPACE, because that's exactly how our building is designed inside and out. Every meeting space is open and airy with just the right amount of natural and artificial lighting. The setting is rich, but you'll find our rates to be surprisingly low.

INSPIRATIONAL ART

Our lobby and halls greet every visitor with original works of local and regional art that change throughout the year. There's even a large dedicated gallery that makes for a great gathering spot. It's too bad that meetings are often described as "boring". Rather than having another one that is, try out PACE for your next meeting and you might be surprised what ideas your group will draw up.

PICTURESQUE PARKER

We're biased. We believe Colorado is the most beautiful state in the Union and that the Town of Parker, is one of its gems. Less than 20 minutes from the Denver Tech Center, PACE is within walking distance of local coffee shops and a variety of different restaurants along charming Mainstreet. The mountain views and wide, open spaces will be a treat for any group trying to get away, without having to travel far.

BOUNTIFUL AMENITIES

The building is contemporary, the artwork sensational and the setting couldn't be better. PACE also has all the features your next meeting might need, no matter how large or small -
