Ruth Memorial Chapel

A white clapboard exterior opens into a warm interior featuring a beautiful hardwood floor, traditional wooden pews, frosted glass windows, and unadorned walls. The Ruth Memorial Chapel wraps your ceremony in graceful purity and spiritual peace. Completed in 1912 and recognized as the first permanent church structure built in town, this charming and historic landmark lays in the heart of Old Town Parker. Couples across generations have started their next chapter here; start yours in the perfect space for a classic wedding that will be remembered for years to come.

The Schoolhouse

*T*he Schoolhouse's century-old story continues to be written as the newly renovated venue begins its next chapter. Classic meets modern as the original integrity of The Schoolhouse was preserved while the space has been updated with contemporary touches.

Combining the traditional wood and bricks of the original building with modern industrial style features gives The Schoolhouse an eclectic look and feel. This unique blend of “yesterday” and “tomorrow” creates a one of a kind setting to start your next chapter together, today.
