DANCE

ON POINTE SCHOOL *Of* DANCE

2 ½ years to Adult classes

It is said that music speaks to the heart, but dance speaks to the soul. Dance is a performing art of expression, creativity, and discipline. Some of the other benefits are increased self-esteem, inter-personal skills, and good health habits. As part of the On Pointe dance family we dance to express ourselves, find an outlet for creativity, and connect our minds and bodies. On Pointe has been in the business of encouraging dancers to become the best individuals they can be for 18 years. We believe that a balanced life is the best way to live, so we teach for the love of the art and not competition.

Our teachers are well-trained in dance, but more importantly have a passion for teaching. Come see what we are all about. Our dancers have the unique experience of performing on the PACE Center stage in our end of semester recital. A \$70 costume purchase fee is made payable to On Pointe the first week of class. Classes start February January 10 and end May 20. There are no classes on Spring Break March 14-18.

CODING WITH MINECRAFT | AGES: 6-11

Come code with Athena! We've designed a unique exploratory approach to programming. Our camp is designed to allow young students (K-5) to develop their creative storytelling and writing abilities, and then gives them the opportunity to bring their stories to life through game design using MIT's Scratch, and Python. The course is suited for a variety of different levels of experience with these languages, works well as a complement to an existing curriculum. Students will have a blast creating their own games and animations!

WILD | SA, JULY 9, 10:00 A.M. & 12:00 P.M. AT THE SCHOOLHOUSE

Wilder is a rambunctious and willful child with energy to spare. Like his hero Max from Where The Wild Things Are, Wilder struggles with minding authority and navigating issues of anger. He is certain life would have been better if rather than a boy, he had instead been born a "wild animal of the jungle." So he has decided to be one. Wilder's Mom does her best to guide her imaginative and headstrong son, but she struggles with the difficulties of being a single mother; having a "wild animal of the jungle" for a son only adds to the pressures. Join Parker Arts for this original children's play by local actor and director, Christopher Willard.
